

The Impruver Flywheel

Accelerate Strategy
Execution and Continuous
Improvement

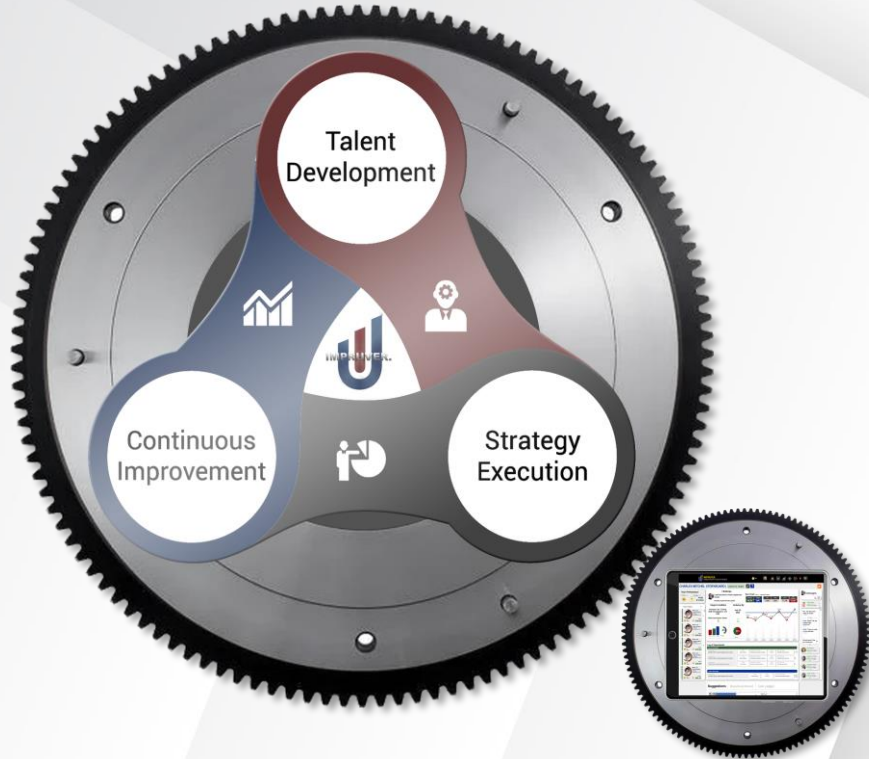

About Us

We are an experienced team of Continuous Improvement and Strategy Execution professionals.

We help leaders like you to drive systematic transformation.

The Impruver Flywheel

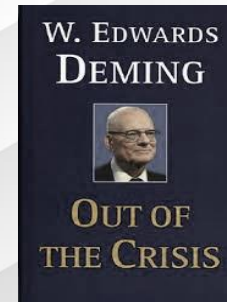

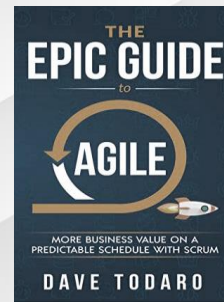

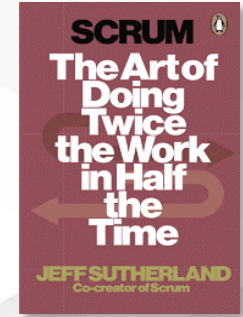

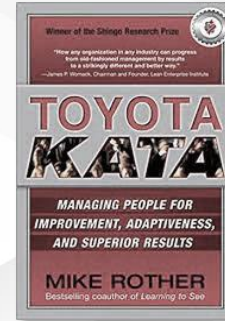

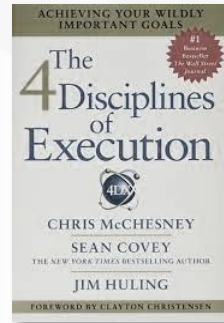

This tech-enabled service helps build the discipline of Strategy Execution and Continuous Improvement within your team.

We will teach you the science and the process, then do it for you

We help teams build discipline for Continuous Improvement

The Impruver Flywheel helps teams at all levels from the C-Suite to the frontlines to apply a systematic, scientific approach to Strategy Execution and Continuous Improvement

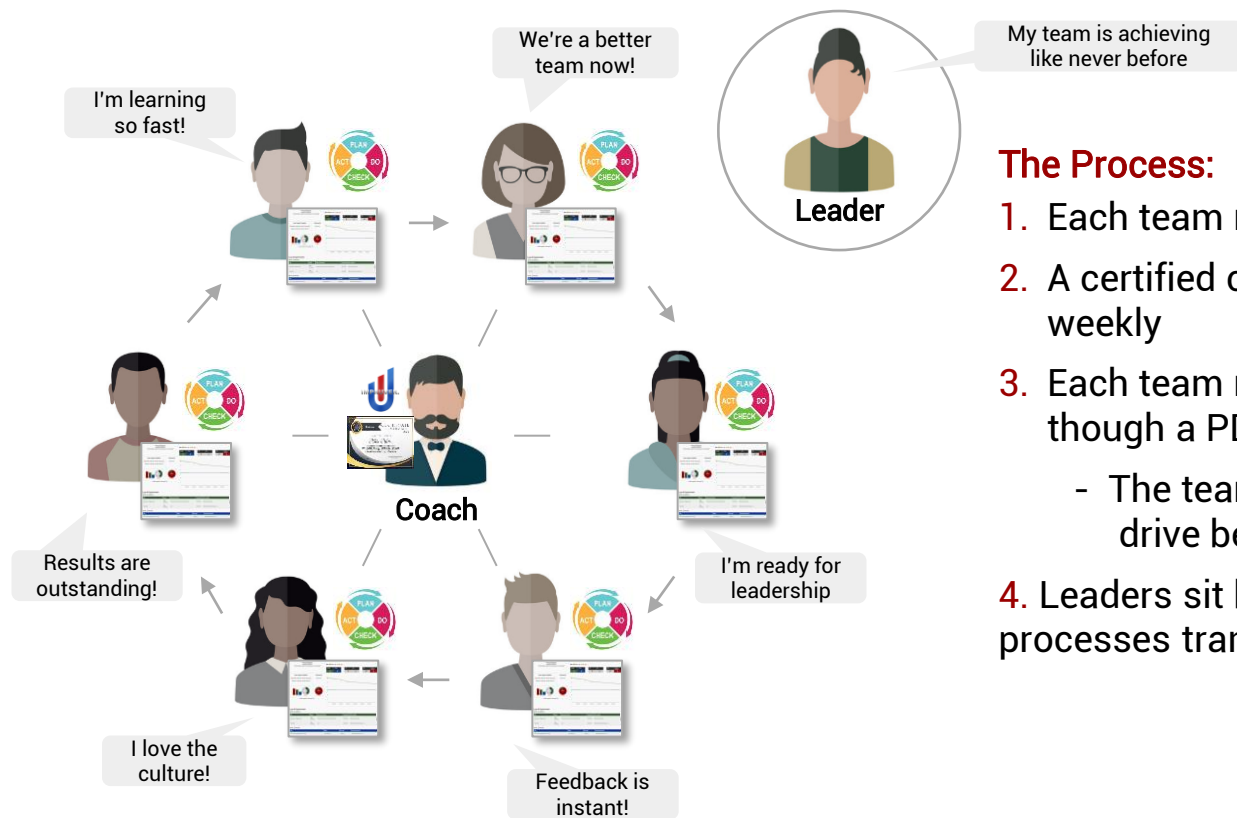

We are the greatest in the world at what we do

The Impruver Flywheel is built on decades of working with world-leading companies coupled with award-winning technology.

Here's how the Impruver Flywheel works

The Process:

1. Each team member establishes a target
2. A certified coach meets with your team weekly
3. Each team member is coached through though a PDCA cycle
 - The team is trained as appropriate to drive better execution
4. Leaders sit back and watch their people and processes transform

max 8 people & 60 minutes per session

The Flywheel develops people and processes faster!

This process accelerates the following dynamics:

Improves Team Accountability

Develops Habitual Continuous Improvement

Increases Prioritization and Focus

Accelerates Business Results

Drives Execution
